Good afternoon all,

Please find attached the summary spreadsheet for the adjudication policies that we received in response to the document request to the FTAC, along with a zipped folder of pdfs of the policies that were included in the spreadsheet. The Excel contains three sheets: a list of the policies received, a synopsis of the contents of the individual policies, and a "metadata" tab that explains how the policy contents were categorized/assessed.

A couple of notes about the file of pdfs:

- The CDC and DOI SI policies are very large files, so we deleted those pdfs from the folder so that it could be emailed. Those policies are available online [here for CDC](#) and [here for DOI](#).
- We received draft versions of some policies, so the file of pdfs should not be placed on MAX. These draft policies should also not be shared outside of the WG/FTAC.

Please let me know if you have any questions or concerns about the information presented in the spreadsheet—we can make any updates that you think are needed.

Thank you!

Margaret
